

Achieving
Excellence,
Everyday.

Come with us. The partnership we form will ensure that we grow together. It's not about who you are now, it's about who you'll become. We'll give you the room to grow and the opportunity to achieve excellence everyday. We'll discover what our values of pride, endeavour and collaboration mean to you because we'll listen and because we understand that each student is different.

We want the best for you so all we ask is that you turn up and give it your best every single day. In return, we'll guarantee an incredible journey and the best life has to offer you.

Our curriculum vision

Our students experience a fun, challenging and knowledge-rich curriculum that teaches them to be industrious and respectful, enabling them to thrive.

Our curriculum is built upon reading, writing, oracy and mathematics and delivers excellence based on our principles of endeavour, practice and discipline.

We know what learning means to you and we understand how we are going to get the best out of each other. Opportunities to follow your dreams are key but we're also going to give you a solid background to base everything on. Learning is hard work so we'll teach you how to learn. We'll give you experts in the classroom who won't just give you the knowledge you need, they'll understand you and work with you to get the best out of you. It won't be easy but the environment we'll provide is rich with experiences, diversity, challenge, big smiles and lots of encouragement.

Pride

Pride isn't just one way traffic. We are already proud of you. By picking this book up, we know that you are serious about your learning journey and getting the best out of life. Being a student at NEWA is about growing - you'll become an enthusiastic learner and we'll develop mutual respect for one another through our shared determination to succeed. We want the Academy badge to mean something to you. We want you to wear it with pride because it means that you are the best. It shows the community that we stand together as one with our heads held high. Above all, we want that badge to light a fire in your heart that makes you want to learn with us.

Endeavour

We want you to achieve. That doesn't mean that we are afraid to fail because at times failing is the only way to get to the top level. We'll support you, pick you up, dust you down and get you back on track. Just give us 100%, all of the time. Always try hard. Keep trying. It's a no excuses culture here but that doesn't mean we don't listen. We figure problems out together and go again. Doesn't matter if you are learning lines for a play, scoring goals, raising grades, helping others or simply being on time - we always try our best and we don't forget that.

It's not just about us. You have a whole team right behind you and we all work together to make sure you have the best opportunities to succeed. Your family and our community want the best for you. We'll do whatever it takes to ensure that at the end of your journey with us, you have all the skills you need to succeed. Above all, you'll be happy and confident and ready for the world around you and all it has to offer. Like Formula One, it's all about teamwork but you are the driver. We will forge open and honest bonds inside and outside the Academy to fine tune your educational offering. No excuses. Now, go and win!

Collaboration

Our mission is clear,
with the highest standards at the
core of everything we do, we will
empower our students with the
knowledge, skills and opportunities
to achieve excellence, every day.
